

COVID Specific Protocols at Pierce Field

Facility Sanitization: Two porta potties are available onsite for visitors to Pierce Field. The porta potties are equipped with hand sanitizer dispensers and are disinfected before and after each event at the field. Disinfectant wipes will also be available at the sign in table.

Entrance/Exits: The large double-gate with COVID signs on the parking lot side of the field is the designated entrance to the field, and the side gates are designated exits; all are marked with appropriate signage. This unidirectional foot traffic flow is to ensure that people are not walking past each other unnecessarily.

Mask-wearing and Social Distancing: There is COVID signage at the main gate to the field detailing the requirements of all visitors to wear masks and practice social distancing. Spectators may stand less than 6 feet from each other unmasked only if they are less than 6 feet only from people in their same household. If a distance of 6 feet cannot be maintained between members of separate households, masks must be worn. Players must wear masks when not directly engaged in physical activity. Coaches, trainers and others not directly involved in physical activity must wear masks at all times. A COVID Site Monitor (designated by a Buffalo Legacy name tag) will ask anyone not practicing social distancing and/or mask wearing to do so. Anyone who refuses to do so after being asked once will be asked to leave the premises.

Sign In: We are required by the City of Buffalo to have a list of all persons (name and phone number of all coaches, players, officials, spectators) on site for each rental for contact tracing. Everyone must sign in on the COVID Contact Tracing sheet which will be located on a clipboard with our COVID Site Monitor at the main gate. He/she will be wearing a name tag. If you would prefer to send us your own document ahead of time which has all needed contact information (eg: team roster with name and phone numbers), you must make this clear and submit this at the same time as your Rental Agreement Form.

Spectator Limit: Only 2 spectators are allowed per player at games. Spectators may be required to list the name of the player they are visiting at sign in. If more than 2 spectators per player arrive on site, they will be asked to leave the premises.

It is your responsibility as the renter Point of Contact to share this and all other relevant information with your coaches, players, spectators, and officials!
