

Renting Pierce Field

What to Expect

Field Equipment: Pierce Field is a turf field located within a public park. For this reason, we **do not** keep field equipment (soccer corner flags, lacrosse goals, replacement netting, field goal pads, etc.) unsecured on site. **If you need access to equipment, you must notify the Property Manager when you submit the Rental Agreement Form. Same-day requests will not be possible to accommodate if they occur outside of our normal business hours or with not enough lead time before your rental.**

- **Invoicing:** Payment is due upon receipt of invoice and no later than 24 hours before the rental. Mail or drop off a paper check at our office (***Tomasso Briatico Architects; 2448 Delaware Avenue, Buffalo, NY 14216***). Any failure to pay an invoice will result in denial of future reservations until the current balance is paid.
- **Rental Time:** Your rental (including warm-ups) begins at the exact time you designate on the Agreement Form. Reserving the field from 1PM - 3PM for a soccer game with a 1PM kickoff, means you are not entitled to use the field until 1PM exactly. If we do not know that you need to warm-up from 12:45PM – 1PM, we might give that time to another renter. We need to know exactly when you will be on the field, as our COVID Site Monitor needs time to set up before your arrival. Our staff will be on site 15 minutes prior to your scheduled arrival.
- **Vandalism:** The turf field is located within a public park. As such, vandalism sometimes occurs. The porta-potties and/or field are occasionally vandalized overnight or on the weekend. We will do our best to contact the porta-potty company and turf repair company for emergency services in this case. We apologize for any delay or inconvenience.
